Work Experience

 **Freelancing** Ui/Ux Designer

NOW
REMOTE

Betty casino.

Redesign with new features for better promoting games

Undisclosed vehicle renting project

Currently involved in the development of an undisclosed vehicle renting project, focusing on a rental service application located in Belgrade, Serbia.

Working as the lead designer tasked with establishing a comprehensive design system and overseeing the entire UI development process for the application.

Laudi Vidi – 3d configurator

Led the redesign initiative for a 3D configurator for customizing leather accessory items

 **Revpanda /** Ui/Ux Designer – Contractor

OCTOBER 2023 – DECEMBER 2023
REMOTE

Collaborated with a team to develop the user interface for an E-sim application, as well as creating screenshot showcases for iOS and Android platforms.

 **SiGMA /** Ui/Ux Designer

AVGUST 2021 – OCTOBER 2023
BELGRADE, SERBIA

Engaged in the ongoing maintenance and development of solutions tailored to a diverse array of clients and internal verticals.

Led the redesign and successful launch of two comprehensive website overhauls for SiGMA and AIBC. Conducted extensive research, A/B testing, and prototyping to enhance user experience and boost conversion rates. Additionally, facilitated usability testing to refine functionality.

Revamped a website to accommodate a revised operational model, seamlessly integrating our event organization and iGaming affiliation spheres.

 **3OHills** Ui/Ux Designer – Intern

SEPTEMBER 2019 – NOVEMBER 2019
BELGRADE, SERBIA

Contributed to the UI development of the NIS Petrol app, actively participating in testing and brainstorm sessions. The primary objective of the application is to reward users with points redeemable towards future purchases of fuel or other items at NIS gas stations.

Education

 **ICT College**

2018 – 2022
BELGRADE, SERBIA

Graduated with bachelor degree in Web Design & Web programming
